SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-68775; File No. SR-FINRA-2013-008)

January 31, 2013

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Extending the Pilot Period Regarding the Use of Multiple MPIDs on FINRA Facilities

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 24, 2013, Financial Industry Regulatory Authority, Inc. (“FINRA”) (f/k/a National Association of Securities Dealers, Inc. (“NASD”)) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a “non-controversial” rule change under paragraph (f)(6) of Rule 19b-4 under the Act,³ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to extend through January 31, 2014, the current rules permitting the use of multiple Market Participant Symbols (“MPIDs”) in FINRA Rules 6160 (with respect to Trade Reporting Facilities (“TRFs”)), 6170 (with respect to the Alternative Display Facility (“ADF”)), and 6480 (with respect to the OTC Reporting Facility (“ORF”)).

The text of the proposed rule change is available on FINRA's website at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

FINRA has three rules permitting the use of multiple MPIDs on FINRA facilities: Rule 6160 (Multiple MPIDs for Trade Reporting Facility Participants), Rule 6170 (Primary and Additional MPIDs for Alternative Display Facility Participants), and Rule 6480 (Multiple MPIDs for Quoting and Trading in OTC Equity Securities). The pilot period for all three rules is scheduled to expire on January 25, 2013. FINRA believes that there continue to be legitimate business reasons for members to maintain multiple MPIDs for use on FINRA facilities, and FINRA intends to file a proposed rule change later this year to make the rules permanent. In the interim, FINRA is proposing to extend the pilot period for each of the three rules until January 31, 2014. FINRA is not proposing any other changes to the rules at this time.

(1) Rule 6160

Rule 6160 provides that any Trade Reporting Facility Participant that wishes to use more than one MPID for purposes of reporting trades to a TRF must submit a written request to, and

obtain approval from, FINRA Operations for such additional MPIDs. In addition, Supplementary Material to the rule states that FINRA considers the issuance of, and trade reporting with, multiple MPIDs to be a privilege and not a right. A Trade Reporting Facility Participant must identify the purpose(s) and system(s) for which the multiple MPIDs will be used. If FINRA determines that the use of multiple MPIDs is detrimental to the marketplace, or that a Trade Reporting Facility Participant is using one or more additional MPIDs improperly or for other than the purpose(s) identified by the Participant, FINRA staff retains full discretion to limit or withdraw its grant of the additional MPID(s) to such Trade Reporting Facility Participant for purposes of reporting trades to a TRF. FINRA believes that Rule 6160 is necessary to consolidate the process of issuing, and tracking the use of, multiple MPIDs used to report trades to TRFs.

Rule 6160 was approved by the Commission in 2006 on a pilot basis.⁴ The pilot period has been extended several times since the rule was originally adopted and currently expires on January 25, 2013.⁵

(2) Rule 6170

Rule 6170 provides that a Registered Reporting ADF ECN may request additional MPIDs for displaying quotes and orders and reporting trades through the ADF trade reporting facility, TRACS, for any ADF-Eligible Security. Among other things, Registered Reporting

ADF ECNs are prohibited from using an additional MPID to accomplish indirectly what they are prohibited from doing directly through their Primary MPID. In addition, FINRA staff retains full discretion to determine whether a bona fide regulatory and/or business need exists for being granted an additional MPID privilege and to limit or withdraw the additional MPID display privilege at any time. The procedures for requesting, and the restrictions surrounding the use of, multiple MPIDs are set forth in Supplementary Material to the rule.

The Commission approved Rule 6170 on a pilot basis on August 11, 2006.⁶ The pilot period has been extended several times since the rule was originally adopted and currently expires on January 25, 2013.⁷

(3) Rule 6480

Like Rule 6160, Rule 6480 provides that any member that wishes to use more than one MPID for purposes of quoting an OTC Equity Security or reporting trades to the ORF must submit a written request to, and obtain approval from, FINRA Operations for such additional MPIDs. The rule also states that a member that posts a quotation in an OTC Equity Security and reports to a FINRA system a trade resulting from such posted quotation must utilize the same MPID for reporting purposes. In addition, Supplementary Material to the rule states that FINRA

By its terms, the initial pilot period expired on January 26, 2007, to coincide with the expiration of the ADF pilot period. See Securities Exchange Act Release No. 53699 (April 21, 2006), 71 FR 25271 (April 28, 2006). On January 26, 2007, the Commission approved a proposed rule change to make the ADF rules permanent. considers the issuance of, and trade reporting with, multiple MPIDs to be a privilege and not a right. When requesting an additional MPID(s), a member must identify the purpose(s) and system(s) for which the multiple MPIDs will be used. If FINRA determines that the use of multiple MPIDs is detrimental to the marketplace, or that a member is using one or more additional MPIDs improperly or for purposes other than the purpose(s) identified by the member, FINRA staff retains full discretion to limit or withdraw its grant of the additional MPID(s) to such member.

FINRA adopted Rule 6480 on a pilot basis on July 23, 2009.⁸ The pilot period has been extended several times and currently expires on January 25, 2013.⁹

FINRA has filed the proposed rule change for immediate effectiveness and has requested that the SEC waive the requirement that the proposed rule change not become operative for 30 days after the date of the filing, so FINRA can implement the proposed rule change on January 25, 2013.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,¹⁰ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change is consistent with these requirements because it will continue to

provide a process by which members can request, and FINRA can properly allocate, the use of additional MPIDs for displaying quotes and orders through the ADF or reporting trades to a TRF or the ORF.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is limited to extending the pilot period for currently-existing rules and does not substantively change any FINRA rule.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹²

A proposed rule change filed under Rule 19b-4(f)(6)¹³ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-

¹¹ 15 U.S.C. 78s(b)(3)(A).

¹² 17 CFR 240.19b-4(f)(6). FINRA has requested that the Commission waive the requirement that FINRA provide the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date on which FINRA filed the proposed rule change pursuant to Rule 19b-4(f)(6)(iii). The Commission hereby grants this request.

¹³ 17 CFR 240.19b-4(f)(6).

4(f)(6)(iii),¹⁴ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. FINRA has requested that the Commission waive the 30-day operative delay so that the proposed rule change can become operative as soon as the current pilot period expires. The Commission notes that the proposed rule change does not present any new, unique, or substantive issues; rather, it simply extends the pilot period permitting the use of multiple MPIDs with respect to TRFs, the ADF, and the ORF. In addition, the waiver of the 30-day operative delay will allow FINRA to keep in place without interruption the pilot programs allowing use of multiple MPIDs with respect to TRFs, the ADF, and the ORF. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and, therefore, designates the proposed rule change as operative upon filing.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

¹⁴ 17 CFR 240.19b-4(f)(6)(iii).

¹⁵ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15U.S.C. 78c(f).
